Bootstrap, Javascript, jQuery, PHP,
Node.js, SQL, MongoDB, Git

Extra-Curricular

- Have undergone 5 years of formal training in volleyball
- Hobbies include
 - Reading and exploring new technologies
 - Playing games like cricket, badminton, table-tennis and pool

Achievements

- Played and won numerous volleyball matches for school and represented school in various tournaments
- Certified and applauded for an outstanding Technical Presentation by Career Development Centre of the University

Work Experience and Internships

- Sept'18 - Intern - Associate Software Developer Chalkstreet, Bengaluru
Currently working on an upcoming platform Freshgrad which aims at providing training, assessment & placement for colleges. I've also built two websites - <https://www.upskillly.com/>, <https://www.focusacademy.in/>
Tech Stack: Javascript, jQuery, PHP, MongoDB
- May-Aug'17 Intern - Product Development (Off-site) Hasura, Bengaluru
Designed and developed a Web-app which acts as a portal to check-out specifications of a smartphone. Other features of this web-app include adding/removing a smartphone to/from wish-list and commenting on a smart-phone
Tech Stack: JavaScript, Node.js, Express.js, PostgreSQL
- Jun-Jul'17 Summer Intern 3i Infotech, Chennai
Learned about ERP, specifically *ORION* (their own custom ERP) and various aspects affecting Product Development

Projects

- Jul'19 CineBase
A web-app which lists movies with details such as actors, producer, year of release along with an image depicting the movie. It allows adding new movies along with creating new actors and producers. It also allows editing the existing movies.
Tech Stack: Javascript, jQuery, Node.js, Express.js, PostgreSQL
- Apr'19 Ubuntu GUI
A Web-app which mimics the user-interface of Ubuntu providing basic features like creating/deleting/renaming files/folders
Tech Stack: Javascript, Node.js, PostgreSQL
- Apr-May'18 CarRental
A platform which acts as a medium to rent cars for a specific period and charge accordingly. It also acts as a single point of contact for both the users and the administrator
Tech Stack: JavaScript, PHP, MySQL
- May-Aug'17 MoboWiki
A Web-app which acts as a portal to checkout specifications of a smartphone. Other features of this Web-app include adding/removing a smartphone to/from wish-list and commenting on a smart-phone
Tech Stack: JavaScript, Node.js, Express.js, PostgreSQL

Certifications

- Cisco – Cisco Certified Network Associate Routing and Switching (CCNA 200-125)
- NPTEL – Introduction to Modern Application Development
– Programming, Data Structures and Algorithms Using Python
- IITBombayX – Introduction to Computer Programming
